Supervised
Visitation
Network

EDUCATE . COLLABORATE . ADVOCATE

The Goals

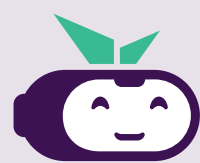

-  Help vulnerable individuals get supervised visitation information.
-  Provide parents, courts, providers, and communities a centralized, safe resource for education and outreach.
-  Reduce response times for member inquiries

The Tactic

Launch Sven, an AI assistant built to:

-  Provide anonymous, accurate answers
-  Empower users to ask tough, personal questions safely
-  Ease pressure on a small, two-person staff
